Details:
Please note that it seems that the person that claims to be Michael Molenda is actually displaying his friend Jessica DuPont as Sara Molenda on his Facebook and Flickr profiles. On the other hand, she presents herself as Sara-Desi on the internet. Jessica DuPont was an administrator (an admissions assistant) at the University of DePaul when I met her for the first time. I was admitted to the Master's program at the University of DePaul at the University of DePaul in Chicago (USA) and she was assisting with registration of classes there back then. Here is here profile at the university:
https://connect.depaul.edu/portal/appointment_jessiedepont
In addition, please note that I met a man calling himself Peter (and in the past James, according to himself) in Chicago (USA) in the fall of 2014. He is the person who the woman who claims to be Elaine Deery displays on her Facebook profile page. However, on her profile page his hair and beard are shaved. In Chicago (USA) he used to wear a hair and a beard. He is about 195 centimeters tall (i.e. a little bit taller than my husband Svetle who is about 190 centimeters tall). However, the man who claims to be Peter is not athletic (as myself and my husband Svelte) and has some weight issues as his real virgin (i.e. wife) Jessica DePont. Please note than he might be calling himself somewhere on the internet Andew-Svetle presently as his own wife seems to be calling herself with the synonym Sara and my own small name Desi, i.e. Svetle-Desi.
It seems that the man who claims to be Peter may be calling himself and Andrew Whitty on LinkedIn and claiming that he works for Mastercard as well without this being the truth. Once in Chicago in the fall of 2014, I was asked by a policeman calling himself Andrew to go outside with him for a friendly meeting at a local bar. I agreed and met the person only once, but it is highly likely that the man who claims to be Peter has met him as well, hence he is using his name as a synonym. The man who claimed to be policeman and calling himself Andrew also has blue eyes and blond hair as my own husband Svetle. The man who claims to be Peter has also blond hair and blue eyes as my own husband Svetle.
In addition, please note that the woman who claims to be Brenda Caufield on Facebook and the LinkedIn URL (internet link) that I sent, might be the same woman that claims to be Elaine Deery but overweight or indeed a real different person?! Yet, I met a woman in Calgary (Canada) from December 2023 to May 2024 calling herself Brenda Caufield and claiming to be renting a room near a room I was renting in a house in Calgary to live there. The woman that I met in Calgary had gray hair (perhaps died, perhaps not) and was about 165 centimeters tall, and not at all as tall as the woman who claims to be Elaine Deery, i.e. approximately 182 centimeters tall, that I met in the offices of Mastercard where I worked from August 2017 to March 2019.
In addition, it seems that on the FaceBook profile of the woman who claims to be Brenda Caufield (who is according to me most likely the woman who claims to be Elaine Deery but overweight) is again the man who claims to be Peter (formerly James according to him; as well as most likely

Andrew Witty and Andrew-Svetle). So most likely the woman who claims to be Elaine Deery (and Brenda Caufield, Cathy, etc.) on Facebook and LinkedIn has created multiple profiles of herself with a different weight. And on the profiles where a blond man with blue eyes appears who is taller than her is the man who claims to be Peter (and etc.) who I met in Chicago in autumn in 2014, but he is not at all my own husband Svetle. My husband has used the synonyms Steven Hunt and Ed Stones because he is under clandestine service in the USA (where he is from) because he is a higher military staff employee, i.e. required to carry synonyms by the CIA of the USA where he works. The CIA of the USA are the highest military department in the USA.

Additional information

Please note that most likely the man who claims to be Peter (and etc.) has most likely used and the work synonyms of my husband Svetle. Some of the work synonyms of my husband Svetle are Steve Hunt, Ed Stones, Ryan Martell and John (Jay) Raymod.

In my opinion (from observations from the media and the internet) the woman who claims to be Elaine Deery uses and the synonym Gizelle, her virgin (real husband) who claims to be Michael Molenda uses and the synonym Eliot. The man who claims to be Peter (and so on) uses and the synonym the "grizzly bear" and his virgin (real wife) who claims to be Jessica DePont uses and the synonym "the blue-indigo hedgehog".

In addition, in the fall of 2016 in London (the capital of the United Kingdom) I met a man claiming to be Brett Martin. I believe that he might be carrying the synonym, Boog. I met approximately at the same time and his virgin (real wife) in Canary Wharf (outer London area) near the building Ontario Tower where I lived on the 12th floor in apartment 1208 from January 2016 to August 2017. I believe that his wife carries the synonym "the rabbit". However, I may have met, instead of the real virgin of the man who claims to be Brett Martin, the woman who claims to be Elaine Deery... yet then she had different hairstyle and used British-Russian accent.

In my humble, all these people are not from the UN originally and pose risks to society. In my humble opinion the UN may have created social media to capture people with psychopathic personalities who have been born and grown up in the marginalized non-UN countries where anarchy is the rule, i.e. Satan.
One should stay away from forests and desolate areas where such people are perhaps hiding to deceive other people. Frankly, it is possible that the man who claims to be Michael Molenda and the woman who claims to be Elaine Deery to be the werewolf and the she-werewolf, i.e. Satan.

Me and my family are very religious and saw that drinking holy water helps to demolish the work of Satan.

Thank you.
