Case details

Country where the incident allegedly occured/is occuring/might occur: Bulgaria

District: the city of Sliven

If relevant to your submission, please indicate whether there are additional country/ies where the incident allegedly occurred/is occurring/might occur, or otherwise related to the case submitted Bulgaria

Please provide a short chronological summary of the incident: what happened; when (date/time); who was involved?
In relation to my previous 2 complaints, I want to disclose the following chronological events occurring after the events described in the previous 2 complaints:

- d4w0w91s

- 1g2am7zo

Please read below:

1) On the 30th of August 2026 I was given a printed note from the "Social Assistance Directorate in Sliven" (located at "Popska" St. 11, city of Sliven, country Bulgaria, postcode 8800) in the country Bulgaria to proceed to the Municipality of Sliven (Administrative Center) in the center of the city of Sliven in order to commence a mandatory 'public labor' and therefore be able to receive social support in September 2026. The note though was signed by the employee that issued the printed note (a young woman of height 160-165cm) as issued and signed on the 28th of August, 2026.

2) From the Municipality of Sliven (Administrative Center) - the same day -, a woman (named Miroslava) from the Social Services desk gave me a printed note to perform mandatory public labor at the Military Hospital in the city of Sliven with a name "Military Academy". She verbally stated that my supervisor's name is Plamen Peev. The exact location of the hospital is 'Aleksandar Pushkin' St. 21, postcode: 8804, the city of Sliven.

3) I went to the indicated hospital by the woman Miroslava – on the same day of the 30th of August 2026 – and found Plamen Peev who assigned me to be supervised by a senior-aged woman called Yanka in order to start mandatory public labor in the hospital.

4) I performed the 'mandatory' 10 day labor this month of September. Yet, today on the 18th of August 2026, the woman from the Municipality of Sliven (Administrative Center for citizens) named Miroslava claimed that I should wait to receive 'my salary' for the labor on the 15th next month, in other words a month later after the work has occurred.

5) Today I inquired with an employee named Julieta Dimitrova at the "Social Assistance Directorate in Sliven" (located at "Popska" St. 11, city of Sliven, country Bulgaria, postcode 8800) what is the status of the social security payment I have to receive this month. Please note that earlier in August 2026 (this year) I applied and for heating support for the upcoming winter and it was released by the Bulgarian Post (a company contracting with the Bulgarian government to release payments such as pensions, social security support etc. to citizens) and this support was released by the Bulgarian Post office in the city of Sliven (Bulgaria) on Tuesday (the 15th of September) this week. I checked the same day and an employee at the "Social Assistance Directorate in Sliven" (located at "Popska" St. 11, city of Sliven, country Bulgaria, postcode 8800) confirmed that the amount of the payment is released and correct. Yet, today the employee Julieta Dimitrova at the "Social Assistance Directorate in Sliven" (located at "Popska" St. 11, city of Sliven, country Bulgaria, postcode 8800) claimed that the heating support payment is not released yet which is a lie and that I should not expect a payment this month for the 'mandatory' work (labor) at the Military Hospital I was sent to by other employees at her workplace at the "Social Assistance Directorate in Sliven" (located at "Popska" St. 11, city of Sliven, country Bulgaria, postcode 8800).

Are there witnesses to the incident? Don't know

Has the incident been reported to the relevant authorities? Yes

Please include details of any complaints filed or any other action taken by the alleged victim(s) or anyone else on their behalf?
The relevant incident from the previous filings of complaints to this United Nations Human Rights Office of the High Commissioner with case references:
- d4w0w91s
- 1g2am7zo
was reported to the Ombudsman of Bulgaria but the same has declined to act on the incidents and closed the case indefinitely. A letter with a confirmation is provided with the documents from the cases above filed here.

Has the Government taken action to prevent or investigate the incident, punish the perpetrators, or ensure compensation to the alleged victim(s)? No

Is this case under consideration by any other international or regional body? Don't know

poverty

22
I am left without means to buy winter clothing in Bulgaria and to pay my rent, water and food in full for the upcoming months and this month of September 2026.

torture

Please indicate where the person was seized (city, province, etc.) and location at which the torture was carried out, if known.
The employees described in the complaints yell, use insulting words, smoke cigarettes in areas where it is forbidden to smoke in front of me, and threatened me with body postures and remarks using the security personnel hired at their locations of work. Namely: - A security employee (a female) at the Municipality Administration of Sliven city (country Bulgaria) - A reception employee at the Directorate of Social support ...

"Popska" St. 11, Sliven, Bulgaria, postcode: 8800. - The employee with a name Janeta Dimitrova at the Directorate of Social support ... "Popska" St. 11, Sliven, Bulgaria, postcode: 8800. - The employee with a name Yanka (a woman who is supposedly a chief cleaner) at the Military Academy Hospital in Sliven (country of Bulgaria). The same employee is assigned by a staff administrator with the name Plamen Peev to supervise my 'public labor' so that I can receive a social security support payment for unemployed this month of September 2026. The employee Yanka uses insulting words directed at me when she talks to me and claims that there is no way to tell the staff in the hospital staff not to smoke on the premises of the hospital. Smoking on the premises of public buildings and the hallways of residential buildings is prohibited by law in Bulgaria, therefore is illegal. The woman Yanka also uses hand sanitizing materials to clean floors in the building as well as surgical gloves instead of gloves for cleaning to clean and asks me to do the same which is dangerous and poisonous. - The 'mandatory' labor is assigned by a woman who works at the Municipality of Sliven (administration services of citizens) at the Social Services desk, whose name is Miroslava, as well as by employees of the Directorate of Social support ... "Popska" St. 11, Sliven, Bulgaria, postcode: 8800. The woman Miroslava also smokes next to the door where the entrance of her workplace is so that the smoke enters in her workplace at the Municipality of Sliven (administrative services). Such actions - to smoke in such a proximity to an administrative building so that the smoke enters in the building - are illegal, therefore prohibited by law in the country of Bulgaria. The website of the Hospital of the Military Academy can be found below. This is the contact page where the contact of their branch in Sliven is listed. Although the country of Bulgaria is part of the European Union, there is no English version of the website so that other member countries of the European Union understand what is the website dedicate to: https://www.vma.bg/%D0%BA%D0%BE%D0%BD%D1%82%D0%B0%D0%BA%D1%82%D0%B8.html Please note that none of the people mentioned are my relatives and I have never met them until August and September this year.

Indication of the forces carrying out the torture.
The local and Bulgarian government hiring incompetent employees that break the law and signing contracts with firms that break the law such as the Bulgarian Post.

Description of the form and methods of torture used abd any injury sustained as a result.
Methods of torture: - Canceling due social security payments. - Enforcing illegal underplayed work. - Spreading poisons such as poisoning with cigarette smoke or unauthorized cleaning materials. Injuries sustained as a result: - undernourishment caused by the inability to buy necessary daily food. - lower hygiene due to inability to purchase required cleaning and hygiene materials and products for personal care. - poisoning leading to pale face and skin on the body and brown lips.

Were any person, such as a lawyer, relatives or friends, permitted to see the alleged victim(s) during detention? If so, how long after the arrest?
Not relevant. For now, nobody has arrested me in the country posing as a policeman or an authority figure. Yet, I consider my present stay in Bulgaria a detention since I do not have the mean to leave voluntarily and escape torture voluntarily. I have a bachelor's degree with a GPA 5.21 and an excellent diploma defense as well as a Master's Certificate in Data Science with a Business Analytics concentration. My present stay in Bulgaria is designed by the government of Bulgaria so that my dignity is abolished as well as my self-esteem. I hitherto claim that Bulgaria is a country government by criminals and a relic. Most likely, the same if the status of the European Union given that this is the organization that powers financially the criminals recognized as the Bulgarian government worldwide and inside the 'borders' of Bulgaria.

What was believed to be the purpose of the torture?
Criminals torture people to rob them and destroy their health and wellbeing. Criminals are part of Hell for people who are Christians. I am a Christian and consider the country of Bulgaria a designated location of crime, which in my faith is described as Hell.

Was the alleged victim(s) examined by a doctor at any point during or after victim's ordeal? If so, when? Was the examination performed by a prison or government doctor?
No, I do not have the means to attend a doctor. Doctors in the country of Bulgaria are criminals as well hence it is a mistake to trust each one of them as well.

Was appropriate treatment received for injuries sustained as a result of the torture?
No.

Was the examination performed in a manner which would enable the doctor to detect evidence of injuries sustained as a result of the torture? Were any medical reports or certificates issued? If so, what did the reports reveal?
No.

If the alleged victim(s) died in custody, was an autopsy or forensic examination performed and which were the results?
The victim, i.e. me - Desislava Miteva Nikolova - is still alive.
