Details:
Today I went again to the fruit and vegetables' market in the city of Sliven (in the country of Bulgaria) and on the way was threatened by a driver in a small car and a big white van car near the market.

Yesterday was threatened by another driver (a cab driver) near the church "Sveta Bogoroditsa" in the city of Sliven (in the country of Bulgaria).

Please note that numerous cars on the road the city of Sliven (in the country of Bulgaria) threaten me on a daily basis when I am crossing the road, i.e. their drivers do not proceed to fully stop the vehicle as the law is. According to the law, the driver of a car should put the car to a complete stop if there is a pedestrian on the road. Driving tests and human behavior of people who are citizens of the UN (United Nations) always coincide with the law.

My observations are that the country of Bulgaria (which is a country also part of the UN) and more precisely - the city of Sliven in Bulgaria where I live presently - is infiltrated by people who are not citizens of the UN. Most likely they use illegally obtained passports of citizens of the UN. Please note that I lost my passport and an official copy of birth certificate this year and that they are most likely stolen and used by non-UN citizens. I have not reported the same to the police here because of the behavior of the cars at the police station - i.e. the drivers of the same (purportedly policemen) threaten citizens with the cars by not stopping them when driving them when there is a citizen on the road. Hence, I believe that the local police are also infiltrated by citizens that are not part of the UN.

Please note that the people that I reported that supposedly work at the social security office in Sliven, the municipality of Sliven, MBAL-Milirary Academy, Kindergarten Zornitsa (i.e. Yurii Mitev, Julieta Dimitrova, Sasho Todorov, Miroslava, Ianka, Yordanka, Mima, etc.) in my previous complaints are also people that are not from the UN and are here with stolen passports and national identification cards of real UN citizens - in this case, Bulgarians. They, like the people that claim to be Elaine Deery and Michael Molenda, use the real passports, birth certificates and so on to claim they carry their names and obtain their salaries from the post offices and banks.
